

## Lumaris Tape Mounting Kit

LU-MK1

SKU: 150955    UPC: 78427631107

The Lumaris tunable white tape light takes scene control to the next level, offering a simple and seamless way to add tunable white accent lighting to Lutron connected home projects.

Built on the ultra-reliable Lutron Clear ConnectType X wireless technology, the Lumaris tunable white tape light is a native component within the Lutron platform including controls, apps, programming software, and the Lutron Connect cloud services.

A complete Lumaris tunable white tape light solution consists of field-cut tunable white tape, a wireless controller with integrated LED drivers, high-reliability punch connectors, dedicated wiring, and a plug-in power supply. LED tape aluminum mounting channel and lens sold separately by others.
