

## Pro Series Cat5E Unshielded Pass-Through RJ45 with Cap45 (Pack of 100)

S45-1501P

SKU: 143134

Simply45 is the industry-leading brand for RJ45 modular plug innovation and performance solutions. Our S45-1501P is the same as our S45-1500P except is packaged in a convenient 50-piece plastic clamshell. The Simply45 ProSeries introduces the exclusive Cap45 (PATENT 10,811,831 B1). Cap45® is an isolation cap/bar that snaps onto the front of the pass-through RJ45 plug after termination, covering the exposed wire ends. Cap45 prevents electrical shorting in the RJ45 socket due to improperly trimmed wires or in device sockets that may not be 100% compliant. With Cap45, any electrical risks associated with exposed wire ends are now eliminated completely.

### Features
