

## Battery Doorbell Pro

B0B2BY4ZG7

SKU: 156089    UPC: 840268988401

Ring's best battery-powered doorbell camera, loaded with cutting-edge features. Battery Doorbell Pro delivers Head-to-Toe HD+ Video, super-precise 3D Motion Detection with Bird's Eye View that shows you where visitors went on an overhead map of your property, and more.

### Features

- **3D Motion Detection:** Ring's most advanced motion detection. Customizing motion zones up to 30' away on an overhead map of your property to pinpoint movement only where it matters.
- **Bird's Eye View:** See the path visitors took on an aerial map view of your property
- **Head-to-Toe View:** Head-to-Toe HD+ Video in 1536p gives you an expanded field of view so you can see more of who's at your front door.
- **Low Light Sight:** Using adaptive infrared LEDs, Battery Doorbell Pro eliminates over or underexposed areas around your front door—giving you a clear view of every visitor and every detail, at any hour.
- **Person + Package Alerts:** Get important alerts - Know when a package is delivered with Package Alerts, an exclusive Ring Protect subscription feature (sold separately) that notifies you when your package is detected within a specified zone.
- **Free Ring App:** Get real-time alerts whenever motion is detected or someone rings your doorbell, manage your settings and connected devices, and more, from the palm of your hand.
- **Convenient Power:** Powered by a Quick Release Battery Pack for quick and easy recharging.
- **Easy Install:** Easily setup by connecting your Battery Doorbell Pro to wifi through the Ring App and mounting with the included tools.
- **Quick Replies:** Like an answering machine for your front door. If you're busy, save time and ask visitors to leave a message with a variety of pre-selected responses. Ring Protect subscription required, sold separately, to access and review the Quick Replies recordings.
- **Works with Alexa:** Pair with select Alexa-enabled devices to enable announcements and Two-Way Talk for convenient in-home monitoring.
