

SONOS

8" In-Ceiling Speakers by Sonance (Pair)

INCL8WW1

SKU: 159968 UPC: 840136810612

The Sonos collection of architectural speakers makes it easy to bring premium sound to every part of the home. Designed and tuned by Sonos and custom-built by Sonance, these speakers offer natural, room-filling sound with discreet installation.

The architectural speakers by Sonance for ambient listening. Users enjoy crystal-clear sound and comfortable listening from anywhere in the room with Sonos In-Ceiling by Sonance. Power these wired speakers with Amp for the full Sonos experience, including custom Trueplay tuning.

Power Sonos architectural speakers and maximize the system’s potential with this WiFi-enabled amplifier. Sonos Amp offers unique benefits like optimized tunings, overdrive protection, and Trueplay™ technology, which tailors your speakers’ sound for the unique acoustics of your home. A single Amp powers up to three pairs of Sonos passive speakers.
