

PRO 6.5" Round In-Ceiling Speaker

DC-65 Pro

SKU: 153100 UPC: 747192140533

The Dymension CI PRO Series leverages years of research and engineering to innovate an in-wall/in-ceiling speaker line that delivers the Definitive Technology sound and performance you expect, for every budget. Our in-ceiling speakers deliver clear, consistent sound for both home and commercial applications, with features like pivoting tweeters, discreet design, and IP55-rated weather protection.

Features

- Effortless, toolless installation; pre-construction brackets available
- Classic Definitive Technology sound in an in-ceiling speaker
- Two speaker sizes for flexibility in power and placement
- The DC-65 PRO features a shallow mounting depth of just 3.5"
- DC-65 PRO SI model allows you to bring big, stereo sound to even the most compact spaces
- Pivoting tweeters aim highs where you want them
- Mineral-filled woofer produces rich balanced mids
- Advanced crossover optimizes drivers for balanced sound
- Acoustically transparent paintable microperforated grille
- IP55-rated for use outdoors and in high-humidity environments
- Timbre-matched with Dymension™ and Mythos® speakers
