## 5.25" 2-Way 120-Watt Indoor/Outdoor Speakers - Black

OUT5.25B

SKU: 161013    UPC: 819932012551

Introducing the Elura OUT5.25B 5.25" 2-Way 120-Watt Indoor/Outdoor Speaker, designed to provide exceptional audio performance in both indoor and outdoor environments. With its versatile design and powerful sound reproduction, this speaker is the perfect choice for bringing high-quality audio to your patio, pool area, or any indoor or outdoor space.

The Elura OUT5.25B features a 5.25" injection-molded metallic anodized cone and a 3/4" liquid-cooled aluminum dome, delivering a dynamic and well-balanced sound experience. With a power handling capacity of 120 watts, this speaker delivers robust and immersive audio, filling your space with rich, detailed sound. Whether you're hosting a backyard party, relaxing by the pool, or enjoying music in your living room, this speaker ensures an enjoyable listening experience.

Built to withstand the elements, the OUT5.25B is designed with weather-resistant materials, making it suitable for outdoor use. It can handle exposure to varying weather conditions without compromising its performance, allowing you to enjoy high-quality sound year-round. Additionally, its durable construction ensures long-lasting performance, so you can rely on it for years of enjoyment.

"These speakers sound too good for the money" has become the mantra of what our Elura Black Label line represents. Black Label is Elura's entry point into HiFi home audio. Elura Black Label will sonically outperform most speakers that are over twice their price. The same strict standards that are applied to the Elura premium offerings are present in the design and performance of the Black Label series.
