The Denon Home Amp can power any loudspeaker in any room, enhance TV audio with HDMI eARC, or connect to a subwoofer for added bass with low and high pass crossovers. With HEOS® Built-in, you can manage all your devices from the HEOS app. Keep the music going throughout your home with seamless multi-room control.

Features

- **Compact Wireless Streaming Amplifier with HEOS® Built-in**
Power any pair of loudspeakers in your home and easily connect them to HEOS® for seamless, multi-room control.
- **Denon Amplification**
Power any loudspeaker in any room of the home, such as in-ceiling, in-wall, outdoor, or bookshelf speakers. Stream music and access HEOS. Group Denon Home Amp with any other HEOS-enabled devices for whole-home audio.
- **Music at your command**
Stream from all your favorite music streaming services or local sources.
- **Enhance your TV audio**
Easily connect the Denon Home Amp to your TV through the HDMI eARC input.
- **Denon Sound Quality**
With a powerful class D amplifier and premium build quality and design, the Denon Home Amp can power loudspeakers anywhere you want them.
- **High-Res Audio Streaming**
Enjoy the ease of streaming music with superior detail and precision. With HEOS Built-in, the Denon Home Amp supports ALAC, FLAC, and WAV files up to 192kHz/24-bit, as well as DSD 2.8MHz and 5.6MHz tracks.
- **HDMI eARC**
With HDMI eARC, you can play your TV audio with a single HDMI connection, making it easier than ever to connect a pair of speakers to a TV.
- **HEOS Built-in Multi-Room Experience**
With HEOS Built-in, play the same song in every room or select a different song for each connected room—the choice is yours. With Denon Home speakers, sound bars, network players, or AV receivers with HEOS Built-in, easily play all your music in multiple rooms from your favorite music service or source.
