

Small NVR / DVR Lockbox Enclosure

K3300

SKU: 31914

Karbon A/V DVR Box Enclosure K3300 combines fully welded steel construction with a unique mechanically interlocking lid design, providing high security as well as easy use. This lockbox also has rubber feet to prevent scratching when placed on other surfaces. The standard keylocked solid hinging front door allows easy equipment access, while the mechanically interlocking top provides added security when stored, but removes easily for equipment servicing. This unit is finished in a durable black powdercoat.
