

## Heavy-Duty Multi-Connector Compression Crimper

VDV211-063

SKU: 4383    UPC: 92644580895

### Features

- One tool crimps most cable sizes for both inside (premises) and outside (utility) cabling
- Crimps F, BNC, and RCA connectors to coaxial cables: Mini-coax, RG58, RG59, RG62, RG6/6Q, RG7, and RG11
- Heavy duty zinc die-cast chassis for durable, long lasting performance
- F/BNC/RCA gauge markings on tool for accurate positioning and quick adjustment of the plunger
- Unique cable selection wheel eliminates the need to change plunger tips, saving time and avoids lost parts
- Open design for easy connector insertion, complete compression and simple removal
- For convenience, the locking-nut retains plunger settings
- Spring loaded return increases user comfort and ease of use
- Adjustable universal plunger ensures optimized crimping on multiple types of connectors
- Integrated handle lock for easy storage
