16/4 Stranded Speaker 500' Box - Black

K5511B

SKU: 141528

Karbon Cables 16/4 Black Audio Cable 500FT K5511B

Features

- 16/4 black audio cable
- Length: 500FT
- High performance of the transmission.
- High quality of safety property.
- Sweep frequency up to 600 MHz.

Product Description

- U/UTP, 23AWG solid bare copper, CAT.6, CMX outdoor
- With cross filler
- Sunlight resistant

Application

- Transmission of digital and analogue for data, video and audio applications.
- IEEE 802.3ab 1000BASE-T, 1000BASE-TX and legacy speeds.
- CDDI / ATM / Token Ring
- IEEE 802.3af (PoE) / IEEE 802.3at (PoE+)

Specifications
Construction
Conductor Size 16AWGX4 cores
Conductor Material AS Annealed Copper
Stranded
Conductor Construction (mm) 65/0.157 ± 0.005 (*)
Average thickness (mm) 0.35
Minimal thickness at any point (mm) 0.28
Insulation Diameter (mm) 2.20 ± 0.20
Material Lead-Free PVCC
Color Core 1= Red ; Core 2= Black, Core 3= White ; Core 4= Green
Shielded AL-Mylar
Drain Wire (TS)
Ripcord 1000 DJ
Jacket Nominal Thickness (mm) 0.55
Min. Thickness at any point (mm) 0.44
Diameter (mm) 6.40 ± 0.50
Material Lead-Free PVCC
Color BLACK
