

## HDMI Cable - 5M

EXP-HDMI-H2-5M

SKU: 20629

WyreStorm HDMI cables are designed to meet the high bandwidth requirements demanded by the latest 4K UHD devices in commercial and residential applications. Our cables are tested to ensure continued compatibility with all 4K UHD and HD devices and provide a lifetime of perfect device connectivity. WyreStorm H2 Essentials H2 cables are the ideal choice for the highest, most reliable and affordable connection of 4K UHD with HDR device, ranging from 0.5m/1.6ft to 5m/15ft. HDCP 2.2 compliant and CEC/ARC compatible. WyreStorm Essential H2 HDMI cables come in a variety of sizes, including 0.5m, 1.0m, 2.0, 3.0 and 5.0m, all with an unlimited warranty against manufacturing defects. WyreStorm HDMI cables contain 99.999% oxygen-free gold-plated, copper conductors, which protect against oxidation for excellent conductivity. Also, they™re constructed with a flexible, durable foil-insulated material, making them highly resistant to kinks and strain, increasing product life. Don't sacrifice signal distribution quality by risking unknown brands that may be inferior. WyreStorm has done the hard part for you because all of our Essentials HDMI cables are HDMI v2.0, v1.4, and v1.3 compatible and been through our grueling testing process. Furthermore, all of our H2 cables are compatible with the latest 4K HDR 18Gbps content to ensure continued compatibility with current & future sources alike.

### Features

- High Speed HDMI Performance: 18Gbps 4K/60 4:4:4 with 10-bit HDR at 60Hz
- Flexible, durable cable jacket with kink protection
- Compatible with all current and emerging HDR standards at up to 60Hz:-HLG (Hybrid Log Gamma)-HDR-10 and HDR-10+Dolby VisionPQ (Perceptual Quantizer)SL-HDR-1
