

Fiber optic keystone

S2S-KS-SCSC

SKU: 23348 UPC: 816927000000

Techlogix Fiber optic keystone S2S-KS-SCSC:

Why go through the hassle of picking up longer fiber optic cables when you can use a Simplex Single-Mode OS2 SC Female to SC Female Fiber Optic Keystone Coupler from TechLogix Networkx to join two existing lengths together? Designed for angled APC polish type cables, this coupler includes a black ceramic sleeve with two female simplex single-mode (OS2) compatible SC connectors. Use it to combine two lengths of cable or as a service point on a patch panel or wall plate. This adapter can also be used to couple your bulk fiber installation cable with a patch cable to help increase the overall longevity of the install cable.

Features

- Simplex SC Female to SC Female Adapter
- Single Mode (OS2) Compatible
- Connects Two Fiber Optic Cables Together
- Ceramic Sleeve
- For APC Polish Type Cables
- Works in Patch Panels and Wall Plates
