

ADP UHF Passive External Directional Antenna

508863

SKU: 130321 UPC: 615104000000

The ADP UHF passive directional antenna is the perfect addition for enhancing the wireless performance of your Evolution Wireless Digital system. The $\frac{1}{2}$ " and $\frac{1}{4}$ " threads make it easy to mount on any mic stand. The ADP UHF can be connected to the EW-D EM receiver, the EW-D AB antenna booster or EW-D ASA antenna splitter.

Features

- UHF transmission greatly enhances range, reliability and scalability
- Built-in $\frac{1}{2}$ " and $\frac{1}{4}$ " threads allow for easy mic stand mounting

Specifications Impedance 50 Ω Dimensions 319 x 310 mm Weight Approx. 1100 g (2.43 lbs) Gain typ. 5 dBi Frequency range 470 - 1075 MHz What's in the Box 1 APD UHF antenna
