

## Fiber Optic Coupler Duplex Multimode SC to SC

M4D-ADPT-SCSC

SKU: 23330    UPC: 816927000000

The Techlogix M4D-ADPT-SCSC is a duplex multimode OM4 SC to SC fiber optic coupler. Fiber couplers (sometimes called adapters) are a simple and stable way of extending your fiber optic cable, or creating a service point at a patch panel. These are also great for coupling your SSF bulk fiber installation cable to a patch cable which will increase the longevity of the install cable.

### Features

- Duplex SC to Duplex SC
- Multimode (OM4) compatible
- 29mm Panel Mount
- High precision ceramic sleeve
- Stainless steel clip
- For UPC polish type cables
- Low insertion loss  $\leq 0.2\text{dB}$
