

SOUNDSECURE 

Outdoor Line Level Microphone

SS-704

SKU: 140287 UPC: 860002305844

The SS-704 is an omni-directional line level microphone housed in a weatherresistant enclosure. The microphone picks up sounds from approximately 12 feet away and is compatible with IP cameras and DVRs featuring a live level audio input. Cabling can be connected through either the top or rear of the enclosure via $\frac{3}{4}$ " threaded conduit. A 3 pin terminal block is enclosed in the housing for connections to 12Vdc power and IP cameras or DVRs.

Features

- Line level audio output for near universal compatibility
- Weather resistant enclosure for outdoor applications
- Can be installed up to 1,000' away from an IP camera or DVR
- Includes RCA and 3.5mm wire adapters for faster installation
- Requires 12V DC power
