

Keystone Binding Posts Snap Lock Connectors - 1 Pair

SSKPB2

SKU: 146055 UPC: 0850043772132

Simply strip your wire back, give the strands a twist, insert it into the connector, and snap the lever down — you're ready to connect your speaker to the binding post. The gold-plated five-way binding posts give you connection flexibility — our favorite way is to use Speaker Snap banana connectors for quick, easy, and secure connections.

Features

- fits any standard keystone insert strap and wall plate and provides an easy, secure connection for in-wall speaker wire
- fits 12- to 24-gauge speaker wire
- five-way binding posts accept banana plugs, spade or pin connectors, and looped or straight bare wire
- lever-lock connection to in-wall speaker wire
- 24k gold-plated contacts resist corrosion
