

1,200lb Electromagnetic Lock

E-941SA-1K2PD

SKU: 27349 UPC: 676544000000

The E-941SA-1K2PD from Seco-Larm is a single-door electromagnetic lock with 1,200-lb (545kg) holding force, bond sensor, LED, timer, no UL.

Features

- Built-in dual-colored status LED and bond sensor to indicate locking status
- Built-in timer, 1~78 seconds
- 1,200-lb Holding force
- Anodized aluminum housing (US 28)
- Selectable 12/24 VDC operation
- No residual magnetism
- MOV surge protection
- Adjustable mounting bracket
- Complete mounting hardware for typical installations
- ∞ L and ∞ Z brackets available for easy mounting
- Detachable faceplate
