PowerG Wireless Curtain PIR Motion Detector

PG9924

SKU: 19836 UPC: 88030283

The PG9924 Wireless PowerG Curtain PIR Motion Detector is a vital component of a security system. Upon the detection of motion, the PG9924 communicates an alert to the security system. The PG9924 is a compact, elegant wireless curtain-type PIR detector for indoor use designed for the protection of doors, windows and all-glass walls.

Feature

- Ideal for protecting doors, windows and all-glass walls
- Selectable curtain coverage 6, 12, or 18 ft. for optimized performance according to wall size (remotely selected)
- Large transmission range enabling repeater-free installations
- Battery life 7 years in typical use
- Visible signal quality indicator helps to choose the optimal location for installation without going back and forth to the keypad
- Configured from the keypad no need to re-open the detector once closed
- Front and optional back tamper switch
- Low battery indication
- Tamper alert
- Compatible with PowerSeries Neo, PowerSeries Pro and Qolsys panels
