

TV HD 32GB 2021

MHY93LL/A

SKU: 58808 UPC: 194252000000

Access a variety of Full HD streaming content with the 2021 edition of the **Apple TV HD**. With on-board iTunes integration and 32GB of local storage, the Apple TV HD allows you to seamlessly enjoy your existing library of music, photos, and videos. You can also explore additional content such as TV shows, movies, and games thanks to the integrated App Store. With streaming apps like Amazon Prime Video, Netflix, Apple TV+, and Hulu, you can enjoy an array of media content. Internet access is enabled by built-in Wi-Fi 5 and Ethernet connectivity.

The Apple TV HD supports resolutions up to Full HD via a separately available HDMI cable. The included rechargeable Siri Remote is equipped with a microphone that enables you to speak directly to Siri to quickly find the content you're looking for. With its 3.9"-square footprint, the Apple TV HD offers easy placement near your display. The included Lightning-to-USB cable allows you to charge the remote control.

The new Siri Remote brings together speed, fluidity, and precise control with a touch-enabled clickpad. Click to easily browse titles on the Apple TV app. Swipe to move through long playlists in Apple Music. Use a circular gesture on the outer ring to fast-forward or rewind and find just the scene you're looking for. A dedicated Siri button is on the side, just like the iPhone. Simply ask for a movie, show, genre, actor, or song you love.

Features
