

SONY

5.1.2ch Dolby Atmos Soundbar

HT-A5000

SKU: 149746 UPC: 27242922471

Discover the next level of immersion

Take your entertainment to a new realm of audio immersion. The HT-A5000 Soundbar envelops you in 5.1.2ch surround sound. Be immersed in the scene with action happening above and all around you and with rear speakers, experience 360 Spatial Sound Mapping, taking movies, TV, and music into a whole new realm. 360 Spatial Sound that adapts to your environment. Our revolutionary 360 Spatial Sound Mapping technology available with Sony's rear speakers creates multiple phantom speakers from just a soundbar and rear speakers. With multiple phantom speakers all around you arranged in the optimal sound field for your space, it's a new sensation of sound. Experience all the drama of Dolby Atmos® and DTS:X®, and hear every breath, step, and word like you're inside the film.

Discover wide 360 Spatial Sound

With optional rear speakers from Sony

A wide listening area fills every part of your living space so your family and friends get the same sound experience. The listening area is not limited to the front of the TV but encompasses a much wider space. Watch our 360 Spatial Sound Mapping video. Want to get a sense of 360 Spatial Sound from a soundbar with optional rear speakers? Just slip on your headphones and immerse yourself. Innovative technologies for Sound Field Optimization

There's no need to precisely place the optional speakers. The soundbar with built-in microphones does it all for you, intelligently measuring the position of each speaker, and optimizing sound to your room. The soundbar lets you enjoy Sound Field Optimization with or without optional speakers. Activate the simple calibration process during initial setup or from the home menu.

Sophisticated speaker technology

Sit back and enjoy room-filling acoustics with two up-firing speakers for overhead sound, two beam tweeters and five front speakers for wider surround plus a subwoofer for deep bass.
