

16-Channel HD Analog Security

BD-1G2GA3

SKU: 972 UPC: 813908000000

EZVIZ's home security camera system comes with 16 weatherproof 1080p analog bullet and dome cameras and a 16 channel DVR with a 3TB security grade hard drive for 24/7 surveillance. The bullet and dome cameras 115.6 deg. angle of view allows greater visibility and coverage. The IP66 rated weatherproof cameras work for both indoor and outdoor environments and withstand extreme temperatures of -40 deg. F to 140 deg. F. Each camera has HD 1080p resolution and a night vision up to 100' or 65' in total darkness. Cameras have three-axis mounts preassembled to prevent vandalism and tampering. Triple-layer security and bank-level encryption safeguards the precious moments you capture. The EZVIZ app allows you to set up, configure and view videos with ease. Save live videos or play back on your mobile device with just one click. Sophisticated motion detection sends a push notification if the cameras sense movement. Security right from your phone ensures the safety of your property or loved ones. 24/7 Security with a 16-channel analog home security system includes a 3TB security-grade hard drive Greater visibility and coverage with the bullet and dome cameras 115.6 deg. angle of view Weatherproof IP66 rated and works in extreme temperatures -40 deg. F to 140 deg. F outdoors or indoors Clarity even at night with HD 1080p resolution and night vision up to 100' or 65' in total darkness Prevent tampering and vandalism on cameras with three-axis preassembled mounts Security and encryption will safeguard moments captured using triple-layer security and bank-level encryption EZVIZ APP allows you to set up, configure and view videos while motion detection can send alerts via push notification if the cameras sense movement
