

## Fiber Optic Multimode SC Connectors (10-Pack)

M3-50125-SC10

SKU: 23327

SSF Field Installable LC & SC type connectors completely eliminate the need to hand polish, epoxy, or crimp in the field. Requiring no specialized tools, SSF mechanical splice connectors ensure precise fiber alignment, producing low loss terminations for all multimode or single mode applications. SSF connectors are compatible with 900µm, 2.0, or 3.0mm fiber optic cable. Our exclusive hinged design and large verification windows allows easy confirmation of termination success. SSF connectors are compatible with all SSF fibers as well as standard fiber optic cabling. SSF fiber connectors simplify your installations, no matter the size or complexity. Working with fiber has never been faster or easier. With SSF you can produce reliable, low loss connections every time.

### Features

- Terminate in as little as one minute
- Compatible with 900µm, 2.0mm, and 3.0mm cables
- No crimping or proprietary tooling required
- Large confirmation window for easy connection verification
- Easy fiber insertion with V-groove channel
- Industry leading hinge clamp strain relief
- Simplified ordering and inventory
