Z-Wave Hub Smart Home Management System

Home Center 2

SKU: 508 UPC: 5902020000000

Home Center 2 (HC2) is the brain of the Fibaro Intelligence System and can be used with other existing Z-Wave automation devices. HC2 was designed and developed by our engineers, giving us the ability to implement many unique features never seen before in other Z-Wave gateways. HC2 redefines Z-Wave-based home automation and introduces real Home Intelligence.

Home Center 2 by Fibaro isn't just an electronic device. It's also well designed, innovative, and user-friendly interface, featuring functions never seen before.

Features

- Using the user-friendly configuration interface of Home Center 2, you can create advanced, pre-defined scenes.
- Home Center 2 gives users ability to write scripts in LUA, which extends the functionality of the system.
- Compatible with Google Assistant and Amazon Alexa.
