

WD Purple Surveillance Hard Drive - 6TB

WD60PURZ

SKU: 757 UPC: 6TB

Western Digital Purple WD20PURZ 2TB 3.5-inch 6Gbps IntelliPower SATA Surveillance Hard Drive - Brand New

Western Digital Purple WD20PURZ 2TB / 2000GB 3.5" 6Gbps IntelliPower / 5.4K / 5400 RPM Serial Attached Technology Attachment Surveillance Hard Disk Drive

WD Purple Surveillance Storage is built for 24/7 always-on surveillance in high-definition security systems that use up to eight hard drives and up to 32 cameras. Exclusive AllFrame technology works with ATA streaming to reduce error pixilation and video interruptions that occur when desktop hard drives are incorrectly used as storage in security systems.

WD Purple surveillance-class storage has been tested to be compatible in a wide-range of security systems. These drives are designed to replace standard desktop drives that were not designed for the harsh 24/7 always-on, high-definition surveillance environment. Desktop drives are built to run for only short intervals and are not engineered to withstand high-temperature fluctuations and equipment vibrations found in a typical surveillance application.

WD Purple hard drives are optimized to support up to 32 high-definition surveillance cameras, giving you the flexibility to upgrade and expand your security system in the future.

Whether you're protecting your personal assets and loved ones or monitoring the business you worked hard to build, you can rely on surveillance-class storage built by one of the largest hard drive manufacturers in the world. WD Purple Surveillance Hard Drives are designed for high temperature, always-on, surveillance security systems to ensure reliability and quality video play back when you need it most. Experience the security of knowing you're using a surveillanceclass drive designed by a leader in the hard drive industry.

Features

- Capacity: 2TB
- Speed: 5,400RPM
- Interface Types: SATA
- Form Factor: 3.5inx1.0in LFF Hard Drive
- Sector Size: 512 / 512e
- Sustained Throughput: 145
- Electrical Interface: SATA 600 - 6.0Gbps
- On-Board Cache: 64MB
