## 5-Port Gigabit Desktop Switch

SG105

SKU: 32064    UPC: 885397000000

### Tenda 5-Port Gigabit Desktop Switch SG105

SG105 is a 5-Port Gigabit Desktop SOHO switch. It provides 5 10/100/1000Mbps auto-negotiation ports, which you can use to establish a LAN network, or extend the uplink network. Compared with a 100M switch, it enhances transmission speed up to 10 times, eliminating the bottleneck of cascading bandwidth. It supports desktop installation and wall-mounting. Without configuration, it can be played once plugged. With the stable connectivity and easy-to-use features, it is perfectly fit for the networking of school dormitories, small offices, home offices, and Video Surveillance.

### Stylish and Exquisite Design

Tenda SOHO Gigabit switches are nice and small and won't take up much desk or floor space. With desktop or wall-mounting design, you can put Tenda SOHO Gigabit switches anywhere you want and move flexibly. They come in a pretty dome-shaped pattern Plastic case. They will fit equally well in any desktop decor. Not only for Wired network use, but also for a homet.

### Plug and Play, No Configuration Required

Wired network is available after plugging Ethernet cable in no time effortlessly. Whether you are a tech-savvy enthusiast or a first-time user, Tenda SOHO Gigabit Switches are super easy and intuitive to set up without time-consuming operations. It is easy for us to set up the Internet in order to make you enjoy it with Tenda SOHO Gigabit Switches.

### Features

- 5\* 10/100/1000Mbps auto-negotiation ports
- Auto MDI/MDIX simplifies networking and maintenance
- Full wire-speed forwarding ensures a smooth network experience
- Flow control for full-duplex and backpressure for half-duplex avoids frame dropping as port blocked
- Adopts store-and-forward mechanism and provides 2K MAC address table
- 15K Jumbo frame improves the forwarding speed of large data
- Adopts green and environmental ABS material, improving heat resistance and heat dissipation
- Allows IP camera accessing and provides a running and clear image
- Desktop and wall mounting simplify installation

Interface 5\* 10/100/1000Mbps auto-negotiation RJ45 ports, auto MDI/MDIX Transmission Media 10BASE-T: Cat.3 or Above 100BASE-TX/1000BASE-T: Cat.5, Cat.5e or Above Forwarding Rate 10Mbps: 14880pps 100Mbps: 148800pps 1000Mbps: 1488000pps LED indicator 5\*10/100/1000Mbps Link/Act LEDs Features Store-and-forward mechanism Auto-learning and auto-aging MAC address Switching capacity of 10Gbps Power Input 100-240V~50/60Hz Power Output 5V/0.6A Consumption Standby: 0.5W Maximum 2.5W 220V/50Hz 100% Dimension 96\*66\*23mm Operation Temperature 0~45?
