

Indoor Selectable Output Wall Mount Chime Strobe "FIRE" Marking - Red

SRL

SKU: 22823 UPC: 783863047480

Discover the System Sensor SRL L-Series, a cutting-edge indoor strobe designed for optimal versatility and performance. This wall-mounted unit features a striking red housing with a clear "FIRE" marking, making it ideal for safety applications. The L-Series is renowned for its low current draw and sleek, modern design. It offers a range of features including a plug-in design for easy installation, tamper-resistant construction, and automatic voltage selection between 12 or 24 volts. With field-selectable candela settings and a horn rated at 88+ dBA, this device ensures effective alerting in critical situations. Its compact profile and universal mounting plate make it suitable for various environments.
