

## EZRJ45 Cat6+ Connector (Jar of 100)

202010J

SKU: 280    UPC: 849160000000

Platinum Tools EZRJ45 Cat6+ Connector-100/Jar 202010.

Terminate up to 100 Cat 6 cables quickly with the EZ-RJ45 CAT6 Connectors in a jar from Platinum Tools. Each connector comes outfitted with thru holes that let you pass colored networking wires through and out in the front so you can easily verify the proper wiring order. To improve electrical performance, the connector pulls the cable jacket tightly in the back, reducing the distance between the wire twists and contacts. In addition, these connectors are compatible with solid or stranded wires and feature a one-piece design with no bars or liners.

### Features

- Terminate Cat 6 Cables
- Pass Thru Hole Design
- Supports Cables up to 0.26" in Diameter
- Conductor Size of up to 0.041"
- UL and RoHS Compliant
