BD-PR-RMS2

SKU: 131924    UPC: 86429416325

The effectiveness of a surge protector weakens with every single surge. Instead of leaving your devices vulnerable or replacing the entire system any time it takes a hit, these removable surge protection modules (MOVs) allow you to replace just the modules.

### **Manage Everything from One App**

The MAVBase app lets you see the remaining life (Surge Mileage) so you can monitor the condition of the MOVs and schedule servicing to replace as needed.
