

5.25" Center Channel Speaker

T30

SKU: 23773 UPC: 747192000000

The T30 is the center channel speaker that puts its overpriced competitors to shame. Since the center channel is the most important speaker in your home audio system, the T30 is the workhorse that delivers crystal-clear dialogue and room-filling theater sound. Put the T30 center channel to the test and you'll hear how it rings true in price and quality. Don't fret, we'll pat ourselves on the back for you.

Features

- Premium home theater and music performance.
- Polk Audio's exclusive Dynamic Balance drivers and tweeters for wide response and low distortion.
- Wide dispersion drivers and tweeters project sound over a wide area so every listener in a room hears open, €œbox-less, three dimensional sound.
- 5-way binding posts provide a wide array of secure wire-hookup options.
