

6.5" High-Quality In-Wall Speaker

265-LS

SKU: 23809 UPC: 747192000000

For big, full range dynamic audio with no visible speaker boxes, you need the power and potential of an in-wall 3-way speaker with Polk's patented Power Port® bass venting system, like the 265-LS. Easy to install, you can build a complete high performance audio system that blends seamlessly into your decor. Tailor the performance to suit your room environment with superior audio controls - guaranteeing the most spectacular sound. At this performance level, Vanishing LS is the best value in today's hottest style of custom installed loudspeakers.

Features

- Polk's patented Power Port® bass venting
- Exclusive wafer-thin Sheer-Grille, a magnetically-secured grille that protrudes only 7mm from its surroundings
- Two 6.5" Dynamic Balance mid/woofers
- Dynamic Balance ring radiator tweeter
