

Four Pair Speaker Selector

FG01039

SKU: 23210

The Niles Audio Four Pair Speaker Selector FG01039 lets you send music from a single amplifier or receiver to four pairs of speakers throughout your home. Push-button controls let you turn each pair of speakers on and off independently. Selectable impedance-magnifying circuitry prevents damage to your receiver or amp, letting it safely drive all four pairs at once.

Features

- Power handling: 100 watts per channel RMS, 200 watts peak
- Protection circuit safeguards receiver/amplifier
- Separate left and right ground paths for compatibility with all amplifiers, including bridged designs
- Removable screwless connectors accommodate up to 14-gauge wire
- Rugged all metal chassis construction
- Non skid feet won't scratch furniture and ensure unit stability during operation
- 72 adhesive-backed room identification labels
- Requires an amplifier that is compatible with a 4 ohm load
