## Control Propanel Companion Remote

### IPRO.8

SKU: 66446    UPC: 11-500010-08

The iPro.8 is an ideal secondary remote for any Pro Control system. With its programmable hard-button control, this affordable remote delivers reliable control throughout the home. The iPro.8 also adds an extra layer of convenience as a companion remote for Pro Control users who rely mostly on the ProPanel app running on their iPhone or iPad.

#### **A Unique Companion for Tablets and Smartphones.**

The iPro.8 is an ideal secondary remote for any Pro Control system. With its programmable hard button control, this affordable remote delivers reliable control throughout the home.

The iPro.8 also adds an extra layer of convenience as a companion remote for Pro Control users who rely mostly on the ProPanel app running on their iPhone or iPad. Its hard buttons provide tactile control and one-tap access to favorite activities, such as selecting the media input, changing channels, controlling the volume, or adjusting the lights.

The iPro.8 eliminates the need to navigate between apps on the phone or tablet, while its RF connectivity delivers instant control of connected devices. Particularly in the media room or home theater, the iPro.8 is fully dedicated to the control task, unlike a mobile device where an incoming text message or phone call can interrupt the media control, or which might be used for another purpose altogether.

The iPro.8 can be used with any Pro Control ProLink.z or ProLink.r processor with or without an activated ProPanel App.
