

## Verifact Omni-Directional Ceiling or Wall Mount Microphone

LE-070

SKU: 826    UPC: 785583000000

The Verifact Model A is an omni-directional, low impedance, electret condenser microphone with built-in preamp for producing line level audio. It is housed in a high impact antistatic ABS dome designed for ceiling or wall mounting. Normal pick-up pattern is approximately 15' from the microphone location, all directions, or within 30' diameter circle. The Verifact Model B Microphone is identical to the Model A, except that it has an extension cable for positioning the microphone from 3™ to 10™ from it's dome housing. It is used with high ceiling installations. Models A and B are compatible with all Louroe Base Stations.

### Features

- Sturdy ABS housing
- Microphone can pickup normal sounds 15 ft away
- Easily mounted to wall or ceiling surface
- May be located up to 1000 ft from the Louroe Base Station
- Powered by the Louroe Base Station
- Two position preamp gain setting: Normal and Low
