

EZ-RJ45 Cat5/5e Connector 100/Jar

202003J

SKU: 279 UPC: 849160000000

Terminate Cat3, 5, and 5e cables quickly with 100 EZ-RJ45 Connectors in a jar from Platinum Tools. Each connector comes outfitted with thru holes that let you pass colored networking wires through and out in the front so you can easily verify the proper wiring order. To improve electrical performance, the connector pulls the cable jacket tightly in the back, reducing the distance between the wire twists and contacts. In addition, these connectors are compatible with solid or stranded wires and feature a one-piece design with no bars or liners.

Features

- Terminate Cat 3, 5, and 5e Cables
- Pass Thru Hole Design
- Supports Cables up to 0.26" in Diameter
- Conductor Size of up to 0.041"
- UL and RoHS Compliant
