## RG59 BNC Male Compression Connector (10 pack)

K3900

SKU: 26351

Karbon A/V BNC Male Compression Connector for RG59 (10pk) K3900.

The Karbon A/V K3900 is a BNC male compression connector for RG59 coax cable. Compression connectors are sometimes referred to also as connect tight type connectors.

### Features

- All metal construction, anti-corrosion nickel-plated
- These connectors are more reliable and easier to use than traditional hex crimp BNC connectors
- Premium quality connectors are designed to provide a professional, secure, waterproof connection for RG59 coaxial cable
- 360° radial compression provides superior RF integrity
- Wide operating band 0.3 MHz - 3 GHz
