

## 8" 2-Way In-Ceiling Speaker

CC280

SKU: 29957

### Monitor Audio C280 in Ceiling Speaker

An 8-inch C-CAM bass driver and a more highly specified version of the C-CAM gold dome tweeter offer an extended high-frequency response to 30 kHz, as well as higher output and power handling capacity than the 2-way models. Optimum imaging and set-up are established via a pivoting tweeter, high frequency (+3 dB / 0 dB / -3 dB) level adjustment, and boundary compensation (on / off) controls.

Optional square grille can be used with model.

#### Features

- ideal for an in-ceiling music system or overhead effects channel in a home theater system
- pivoting 1" gold dome C-CAM® (Ceramic-Coated Aluminum/Magnesium) tweeter for detailed sound
  - three-position tweeter level control cuts or boosts high-frequency output to ideally suit your room's acoustics
- 8" C-CAM woofer for smooth midrange and tight bass response
- unobtrusive frame and low-profile grille for discreet installation
- recommended amplifier power: 30-120 watts
- frequency response: 50-30,000 Hz
- sensitivity: 90 dB
- impedance: 6 ohms
- patented Tri-Grip® mounting system ensures maximum surface seal for better bass and midrange clarity
- paintable removable magnetic steel grille
- cutout diameter: 9-3/4"
- overall diameter: 11-1/4"
- mounting depth: 4-3/4"
- weight: 6.2 lbs.
