Medium Single-Arm Articulating TV Wall Mount for 26" to 60" Panels - White

PS300W

SKU: 32018 UPC: 800153000000

This mount does it all. 22" of reach from your wall, combined with swivel and tilt capabilities, lets your TV adjust to you just the way it should be. The low-profile design means you can tuck it away when you want. With the PS300, you only need a single stud to get it up on the wall, yet still benefit from its many features. Solid steel construction equates to durability and reliability, while the cable management system will make you forget your input wires even existed in the first place.
