Large Single-Arm Articulating TV Wall Mount for 37" to 60" Panels

PS350

SKU: 32019 UPC: 800153000000

The PS350 provides an amazing range of motion, offering 22" of extension yet sitting less than 2" from the wall when pushed in. Capable of accommodating TVs up to 60" and weighing 88 pounds, PS350 is simple to install and easy to use. The H-frame style TV plate fits a wide range of VESA sizes. The attractive solid steel construction includes a cable management system to hide your cables, and magnetic covers to hide the wall mount lag bolts. With its solid steel construction, the PS350 is designed to hold up to 88 pounds. The PS350 extends 22" from the wall to give you a variety of viewing options. The PS350 is made of solid steel with a durable powder-coated finish giving you a sophisticated look and feel. With 12° of forward tilt and 2° of backwards tilt, the PS350 makes it easy to angle your TV just the way you want it. When pushed back into place, your TV sits less than 2" from the wall. The adjustable H-frame mounting brackets allow the PS350 to accommodate VESA sizes ranging from 200x75 to 600 x 400. The two extension arms allow you to swivel the TV up to 180°, depending on TV size. When pushed back against the wall, note that the center of the TV plate is centered with the wall mount. Magnetic covers attach to the wall plate to give you a clean, modern look. An integrated cable management system allows you to route your power and video cables neatly between the TV and the wall. Because every installation is unique, PS350's are carefully packaged with all the lag bolts, anchors, mounting bolts, washers and spacers that you could need. Everything is labeled with clear instructions that correspond with the manuals in order to simplify your installation. For a more discreet appearance, the white model comes with a white cable sleeve to match the surrounding area.
