

## Small 22lb Projector Mount

P101

SKU: 31999    UPC: 800153000000

Easily mount your projector to your ceiling. This universal projector mount is most commonly used in boardrooms and offices but is also ideal for home theatre applications. It features a 360° ball swivel, tilt capability, and can be extended between 9 and 12 from the ceiling. Included is a full set of extension arm lengths and projector mounting hardware to ensure that your installation has all the tools it needs from the get-go. We don't provide the hardware to mount to your ceiling there are just too many variables involved. Also available in white as P101W. Without the extension tubes, the P101 sits 3 from your ceiling. With the extension tubes, you can extend the length 9 to 12. The P101 is powder-coated with a black textured finish. The Kanto P101 projector mount for ceilings is shipped with four mounting arms attached to the tilt head, and four longer mounting arms are included in the box. You should be able to reach the mounting holes on virtually all projectors and easily locate the center of gravity. Once mounted, the projector adapter will allow 20° of tilt so you can aim your universal projector mount comfortably at your screen. The tension of the ball adapter can be adjusted if necessary. The Kanto P101 projector mount for ceilings also swivels 360°.
