

1-Port PoE Injector

524179

SKU: 151741 UPC: 766624000000

Intellinet Network Solutions 524179 1-Port PoE Injector. The Power over Ethernet Injector from Intellinet Network Solutions allows you to connect your IEEE 802.3af-compliant products to a non-PoE LAN switch port. The injector can be used to connect a wireless access point, IP phone, network camera or any IEEE 802.3af powered device (PD) to a switch. No need to run AC power lines for your wireless access point, network camera or IP phone. Simply connect the PoE Injector to the LAN switch port, and use the existing Cat5 cabling to deliver DC power as well as transfer data.

Features

- Ideal when AC power is not available
- Distance support: up to 100 m (328 ft.)
- Power output of up to 15.4 Watts
- Supports all IEEE 802.3af-compliant PoE devices (Wireless LAN access points and bridges, VoIP (Voice over Internet Protocol) telephones, IP surveillance cameras)
- Supports IEEE 802.3af detection and short circuit, overload and high-voltage protection
- Full-power Class 3 PoE design
- Fanless design ideal for silent operation
- Fully NDAA-compliant
