

Cat6a Outdoor Modular Inline Coupler

791120

SKU: 62248 UPC: 766624000000

The Intellinet Network Solutions Cat6a Outdoor Modular Inline Coupler easily extends or connects patch cables in outdoor and industrial applications thanks to its cable glands with IP68-rating (dustproof and waterproof). Its rugged housing can withstand even extreme operating temperatures that range from -20 to 70°C (-4 – 158°F). This coupler features 3-micron gold-plated contacts that guarantee the highest signal integrity. It is also suitable for all Power-over-Ethernet applications (IEEE 802.3af/at/bt).

Features

- Easily extends or connects RJ45 patch cables in outdoor applications
- IP68-rated, dustproof and waterproof
- 3-micron gold-plated contacts
- Wide operating temperature: -20 – 70°C (-4 – 158°F)
- For use with shielded twisted pair (STP) Cat6a cable
- For cable diameters of 5 – 7.5 mm (0.2 – 0.3 in.)
