

RFID Proximity Key Fob (125Khz)

PROX-KEY-FOB

SKU: 12650

For customers already using existing non-ZKTeco card readers and cards, ZKTeco also provides 125 KHz key fobs which can be clipped on to existing customers' cards having a badge clip slot. And for customers having non-ZKTeco cards with no badge clip slot, we also offer 125 KHz self-adhesive RFID prox stickers.
