

1" Self Closing Cable Wrap 50' - Black

220912

SKU: 137623    UPC: 220912

This self closing braided wrap offers innovative solutions to the protection of breakout areas and also provides ease of removal when inspection or maintenance of cables is required. Its special open structure allows it to be installed after other necessary components. Strong resilient force allows the wrap to keep wires or cables from exposure, while at the same time provides excellent abrasion resistance and flame resistance.
