

Outdoor Passive Infrared Detector

LX-402

SKU: 112853 UPC: 788924000000

The LX-402 is robust, weatherproof and specifically designed for short-range outdoor applications, such as triggering lighting or cameras. With advanced features such as sensitivity and range adjustment and a built-in light sensor providing day and night modes, the LX-402 is highly versatile. With Double Conductive Shielding, the LX-402 is resistant to interference from foreign light sources such as the sun and car headlights.

Features

- Used to trigger lighting or cameras
- 12 m x 15 m (40 ft. x 50 ft.) 120° wide
- Double conductive shielding
- Selectable detection patterns (Pet Alley or Multi-Level)
- Area-masking strips
- Sensitivity selection switch
- Selectable pulse count (test or 2)
- Day & night modes
