6.5" 2" Way Down-Firing In-Ceiling Speaker

IC62

SKU: 33559 UPC: 812348000000

You'll want to keep the IC62 in stock because you'll find places in every single job where you can use it. The IC62 is affordable enough to use in the laundry room but good enough to use in the living room. Our engineers tapped their decades of experience to produce an amazingly affordable speaker that genuinely sounds great. You'll love it whether it's playing background music in a hallway or cranking out classic jams from your favorite streaming service in the living room.

The IC62 packs surprising power even in the deep bass notes, thanks to our rugged 6 ½" polypropylene-cone woofer. Its low-distortion, stiff, lightweight cone delivers crystal-clear midrange—and lets it blend seamlessly with our pivoting 1" silk-dome tweeter. Thanks to careful tuning from our team of veteran engineers, the IC62 sounds sweet and strong from bottom to top. And with careful voicing and design from our engineering team, the IC62 is tuned to sound good *everywhere* in a room, not just near the speakers.

Our Tool-Less Trim-Ring mounting system really pays off with the IC62, because you'll probably be putting in a lot of these! It's totally tool-less—just insert the ring into the hole and squeeze down on each of the four mounts with your fingers. You don't even need a screwdriver! And that means you can put in a whole houseful of IC62s in no time.

Woofer 6.50" Polypropylene Woofers Tweeter 1" Pivoting Silk-Dome Frequency Response 55Hz-20kHz Power Handling 100 Watts Sensitivity: 91 dB SPL, 1 W/1 m (3.3 ft) Impedance: 6 Ω Cut-Out Diameter: 8.75 " Grille (outside) Diameter: 10" Mounting Depth: 3.75" Warranty: Limited Lifetime Individual Package Dimensions (L x W x H, Weight): 13.2 x 11.4 x 11.3 in., 8.6 lbs.
