## 8" 2-Way Down-Firing In-Ceiling Speaker

IC86

SKU: 33563    UPC: 812348000000

The IC86 is the speaker to use when you want the very best sound you can get. When we started on the IC86, we asked our engineering team to give us their absolute best: their best drivers, their best parts, and their most careful, meticulous tuning—all in the quest to make a truly extraordinary ceiling speaker that will please the pickiest listener. All your favorite streaming playlists will come to life like never before!

The IMG graphite cone in the IC86's 8" woofer is a long-term favorite of ours because it's stiff enough to cut distortion to almost nothing, rugged enough to pump out incredible deep bass, and light and responsive enough to deliver unbelievably clear midrange and voice reproduction. Our team married this incredible woofer to a pivoting, 1" aluminum dome tweeter, which is tough enough to keep up with the woofer yet agile enough to deliver the crystalline, ultra-realistic highs that demanding listeners expect. And you'll hear this ultra-strong, ultra-clear sound everywhere in the room, not just beneath the speakers.

And the IC86 is just as easy to install as our other ceiling speakers. With our Tool-Less Trim-Ring mounting system, installation takes just seconds and requires no tools—all you do is push the ring into the hole, squeeze down on the four mounts with your fingers, then twist the speaker into the ring. Leave your screwdriver in the van!

Woofer 8" Injection-Molded Graphite Tweeter 1" Pivoting Titanium-Dome Frequency Response 38Hz-20kHz Power Handling 175 Watts Frequency Response : 38Hz -20kHz Sensitivity: 92dB SPL , 1W/1 m (3.3 ft) Impedance: 6 ? Cut-Out Diameter: 8.75" Grille (outside) Diameter: 10" Mounting Depth: 4.5" Warranty: Limited Lifetime Individual Package Dimensions (L x W x H, Weight): 13.2 x 11.5 x 11.4 in., 9.9 lbs.
