

## Flipx Series Indoor PIR Detector

FLX-S-ST

SKU: 151938

The FlipX Series is our new generation of indoor PIR detectors equipped with innovative pyroelectric element and rotatable lens, a feature unique to OPTEX. By simply removing the case and flipping the lens 180°, the detection pattern can be customized from 85° wide for covering large open spaces, to just 5° for covering long narrow passages or windows. The FlipX Series is ideal for indoor applications ranging from residential to high-end commercial sites.

### Features

- Standard PIR model for residential & light commercial applications
- Unique 180° rotatable lens for easy configuration of wide or narrow detection
- Prominent LED light for easy viewing from a distance
- Animal immunity feature spots temperature changes from small animals and pets
