

Pre-Coded Keyfob - 50 Pack

1508-123

SKU: 4886 UPC: 1508-123

DoorKing 1508-123 Pre-Coded Keyfob - 50 Pack. Unlock the full potential of your security system with the DoorKing 1508-123 Keyfob. This pre-coded keyfob offers an out-of-the-box solution for quick, secure access control in residential and commercial settings. Designed for durability and convenience, it integrates seamlessly with existing DoorKing systems, providing a reliable method for managing entry without the hassle of on-site programming.

Features

- **Pre-Coded for Immediate Use:** Each keyfob comes ready to integrate into your system, eliminating the need for complex programming and accelerating the setup process.
- **Built for Durability:** Made with high-quality materials, these keyfobs withstand daily wear and tear, ensuring long-term functionality and performance.
- **Compact and Portable:** Its sleek, lightweight design fits comfortably on any keyring, making access as simple as reaching into your pocket.
- **Enhanced Security Technology:** Advanced encryption methods prevent unauthorized duplication, securing your premises against potential breaches.
- **Broad System Compatibility:** Specifically designed to work with a variety of DoorKing access control systems, ensuring reliable performance across multiple applications.
