Cat5E Unshielded Pass-Through RJ45 Modular Plugs (Jar of 100)

S45-1500P

SKU: 145376

The S45-1500P is a single-piece unshielded pass-through RJ45 modular plug for use with unshielded LAN cables. No-load bar required. Supports performance standards: ANSI/TIA 568.2-D for Cat6 and Cat6a; ISO/IEC 11801 Class E and Ea. Supports 10GBaseT performance applications over unshielded twisted pair cables. Cap45 (PATENT: 10,811,831 B1). Cap45™ is an isolation cap/bar that snaps onto the front of the pass-through RJ45 plug after termination, covering the exposed wire ends. Cap45 is fast and easy to use. Fits all compliant RJ45 sockets. With Cap45, any electrical risks associated with pass-through RJ45 modular plug exposed wire ends are now eliminated completely. Learn more about Cap45 in our ProSeries Product Line discussion. If you don't want to use Cap45, no problem. It will not affect plug performance. You just won't have the Cap45 benefits

Features

- Terminate fascicle of network cables with this connector
- Nickel contact plating
- Straight-Line Wire Insert
- Crimp Tool Compatibility
- Improved Crosstalk Performance
- Commercial Rated
- PoE/PoH Rated, cUL Listed
- Compliant with Industry Standards
