

Wiring Device Spacer & Shim, 25 Pack

CA25

SKU: 16229 UPC: 781002000000

The Wiring Device Spacers are a non-conductive, low density polyethylene spacer strip that consists of 8 foldable segments that allow for 1/8" of spacing. They are intended to be used on single or multi gang boxes, receptacles, and switches. They are used for bringing receptacles and switches flush with the drywall.

Features

- Supports Loose Outlets/Receptacles and Brings Faceplates Flush to the Drywall
- Non Conductive
- Reusable
- Adjustable
- Easy Tear Design
- Low Density Polyethylene
- Can Also Be Used as Shim with Tile and Marble
- Applications: Single/Multi-Gang Boxes, Receptacles & Switches
